

Concours International des Produits Biologiques et en conversion : Results are online!

The 28th edition of the Concours International des Produits Biologiques et en conversion took place on Wednesday, May 15th in Lyon. Professionals and enlightened amateurs met to taste and mark a total of 577 organic wines, beers and spirits from across the globe. At the end of the tasting, a Grand Jury elected the World's Best Organic Products from amongst the gold medal winners with the highest marks.

About the competition

The competition provides a true showcase for actors in the organic sector. It also helps these actors stand up to competition and renew consumers' confidence, because the products are tasted by a jury representative of a panel of consumers. Under the watchful eyes of the founder of the competition, Pierre Guigui, **165 samples** have been awarded gold and silver medals. All samples were tasted in conformity with competition regulations and our ISO9001 certification.

Wine competition

453 organic, biodynamic, natural and in conversion wines have been tasted during the 2023 edition. In all, **125 wines** were awarded medals for their expression of the terroir.

At the end of the tasting, a « Grand Jury » elected the World's Best Organic Wine, all countries combined: the winner is **AOP Sauternes 2022 from Château FARLURET**

Spirits competition

In its inaugural edition, the competition received 59 entries of organic spirits. Among them, 19 were awarded Gold and Silver medals.

The best Organic Spirits of the Competition is a Grain brandy: « **Unikorn** » from Germany.
